

METHODOLOGY OF CLINICAL TRIALS IN ONCOLOGY

VIENNA, AUSTRIA; 11 AND 12 MARCH 2010

Thursday, 11 March 2010

Principles in Biostatistics (Lutz Edler; Heidelberg, D)

Principles in Pharmacology (Daniel Sehr; Goettingen, D)

Preclinical Data as Requirement for Planning Clinical Trials (Iduna Fichtner; Berlin, D)

Data Assessment and Data Management (Anton Klingler; Innsbruck, A)

Ethical Considerations in Clinical Trials in Oncology (Daniel Sehr; Goettingen, D)

Planning and Performance of Clinical Phase I Studies (Dirk Strumberg; Herne, D)

Planning and Performance of Clinical Phase II Studies (Tanja Čufer; Ljubljana, SI)

RECIST Criteria (Lutz Edler; Heidelberg, D)

Friday, 12 March 2010

Biomarkers in Clinical Oncology (Max E. Scheulen; Essen, D)

Legal Aspects of Clinical Trials (Alexander Klein; Graz, A)

Clinical Trials: the Regulator's Role and Perspective (Ilona Reischl; Vienna, A)

Organization, Administration and Performance of Clinical Studies (Berta Moritz; Vienna, A)

Clinical Trials for Therapeutic Concepts in Hematology (Günther Gastl; Innsbruck, A)

Planning and Performance of Clinical Phase III Studies (Rudolf Morant; St. Gallen, CH)

Limitations and Pitfalls of Clinical Trials (Richard Greil; Salzburg, A)

Course objective:

Clinical studies are an important component in the drug development process and in exploring new therapeutic treatment modalities. In this practice-oriented course, participants will acquire specific knowledge on planning and performing clinical studies of the phases I, II and III in Oncology.

Target Audience:

The course is intended for investigators specialized in medical oncology and related disciplines, oncology nurses, data managers, study monitors, study coordinators, pharmacists, professionals involved in clinical trials in oncology in academia, industry, governmental agencies and clinical research organizations (CROs).

Accredited:

European Society
for Medical Oncology

11 Category 1 ESMO-MORA points

organized by

Central European Society for
Anticancer Drug Research – EWIV

www.cesar.or.at

The **CESAR** Central European Society for Anticancer Drug Research – EWIV is a Non-Profit Organization aiming to foster research and development of novel antitumoral agents, therapies and therapeutic strategies in Oncology and Hematology. CESAR comprises scientists from basic research, and preclinical and clinical Oncology in Austria, Germany and Switzerland.

CESAR has a network of Study Centres in the German-speaking countries and is extending its focus to Study Centres in Central and Eastern European countries with the aim to foster international cooperation between Oncologists and Study Centers in this area.

Organization:

CESAR Central European Society for Anticancer Drug Research – EWIV

CESAR Central Office
Hanglössgasse 4/1-3, A-1150 Vienna
Phone: +43 1 522 30 93 10
Fax: +43 1 522 30 93 14

email: office@cesar.or.at
www.cesar.or.at

Chair Person:

Max E. Scheulen, MD, PhD
Chairperson, CESAR-Phase II
Professor of Medicine
Innere Klinik und Poliklinik -
Tumorforschung
Essen, Germany

Faculty:

Highly qualified international experts in various disciplines of anticancer drug development from CESAR, Regulatory Authorities and Industry.

Course format:

Lectures and presentation of case reports.
Close interactions between participants and faculty: systematic discussions and exchange of experiences during the sessions as well as during breaks and meals.

Start: 11 March 2010 at 9:00 am
End: 12 March 2010 at 4:30 pm

Registration:

The registration fee is € 900,- (+20% VAT) per participant.

Reduced registration fee for:

- ESMO members
 - Two or more participants from same institution.
- The number of participants is limited.
Applications will be handled on a first-come, first-serve basis.

Course location:

Tech Gate Vienna
Wissenschafts- und Technologiepark GmbH
Donau-City-Straße 1, A-1220 Vienna
